Break Cost Fee - Interest Adjustment

Applies to Fixed Rate Home Loans and is payable if your loan is repaid before the end of the fixed rate term.

Interest Adjustment is based on the difference between the Fixed Rate, i.e. the interest rate for your fixed rate interest contract, and our Reinvestment rate, which is the interest rate that we can reasonably expect to earn on any amount that is repaid early. We will not pay a refund for any advantage gained if the reinvestment Rate exceeds the Fixed Rate. Full details of the BCF are available on application.
