

NextGenID

NextGenID is a service that allows ID checks to be completed electronically.

This streamlines the identification process, making it faster and simpler - helping to reduce the need to complete the onboarding process in-person.

✓ Simple

✓ Secure

✓ Fast

✓ Convenient

How does it work?

1.

Within ApplyOnline, request NextGenID.

2.

The applicant receives an SMS to begin the identification process.

3.

When the applicant completes the process, you will receive confirmation and an ID report will attach to the application.
